COW TESTING TO BE STARTED DEC. 1

BY THE NODAWAY COUNTY FARM BUREAU

SUPPLANTS ASSOCIATION

Not Sufficient Number of Big Herds In County To Warrant an Official Organization

Due to the requests of several farmers in the county the Nodaway County Farm Bureau will start cow testing by the first of December. The Farm Bureau will give the same service that the several Cow Testing Associations throughout the state fulfills. The reason for the Farm Bureau taking up this work is because there are not sufficient number of farmers that wish to organize a cow testing association in the county and yet there are enough to warrant the Farm Bureau to give this service. It takes at least twenty to twenty-five large dairy herds to support a Cow Testing Association and employ an official tester.

It is impossible to organize an association in the county to carry on this work, so the county agent, R. A. Kinnaird, is offering to co-operate with the dairy men in the county who want to keep production records on their cows.

All that will be required of the farmers who wish to take advantage of this service that Mr. Kinnaird is offering will be to get milk scales that cost only from $3 to $4 and the milk record blanks which are put up in the barn or milk house and then have the buckets weigh the same. The buckets can be hung on the scales after each cow is milked and the weight of the milk set down twice a day. The record sheets can be arranged conveniently and it only takes a few seconds of time to put down the records.

At the middle of each month, about the 15th and 16th, it is Mr. Kinnaird's plan to have the dairymen take a composite sample of the milk from each cow. Mr. Kinnaird said that a little milk should be taken from the cows each morning and night of the two days and put in a pint jar and sealed and brought to the Farm Bureau office to be tested.

It will require a small amount of money from each dairyman to pay for the testing machine and the acids used. In this way the dairymen can get an accurate production records of their cows at a small expense.

In a Cow Testing Association the services cost from $2 to $3 per cow if a man is employed to do official testing and the University of Missouri makes a charge of $12 a month and 25 cents a cow.

The testing to be carried on by the Farm Bureau office will be given the same production records on cows but can not be done with all the rules of official testing, while the expense will be comparatively small. The keeping of accurate production records on dairy cows has done more than anything else to improve dairy herds where cow testing association have been formed.

Already several dairymen around Maryville have arranged with Mr. Kinnaird to have their herds tested. The following men have signified their intentions to secure the services that the Farm Bureau is offering: J. T. Wells, 30 cows; E. C. Moberly, 18 cows; Ernest Hartness, 12 cows; Virgil Hartness, 10 cows; Theo. F. Palmer, 8 cows.

All other farmers who are milking cows and want to have production records in order to tell them what cows in their herds are a paying proposition and what cows are a loss should make arrangements to start December 1.

This service is open to everyone in Nodaway County who can bring milk samples to the Farm Bureau office once a month. Wherever a cow testing association, or milk testing work carried on under different management, it has always been found that some cows are profitable while others are kept at a loss. It is Mr. Kinnaird's hope that he can be of service to the farmers in the county to help them find out the slacker cows and put the dairy business on a profitable basis.

Mr. and Mrs. Clarence Cook and little son, Jimmie of Kansas City, Kan. are visiting their parents, Mr. and Mrs. J. F. Cook and Mr. and Mrs. J. T. Linville. They motored here Sunday and expect to return home tomorrow.

Children's Service to be Held on Saturday

It Is Planned To Make This One Of Greatest Demonstrations Ever Held In County

One of the greatest religious demonstrations ever made in this county is a part of the week's program at the Tabernacle meetings this week. Next Saturday afternoon there is to be held a county-wide children's service. This service will be in direct charge of the Hamilton Party. Free tickets are being sent to every school district in the county to be handed out to the children, which will admit them to the service.

O. F. Hamilton will illustrate his address to the children with a combination of flags and vases. He is asking each child to bring a string just as long as he is high. L. C. Montgomery will give a play period of magic, which will keep all the children on tip-toe and at the same time teach them wonderful lessons. Arthur Hamilton will conduct a great song fest. A moving picture will be taken of the parade which will follow the service. It is expected that this will be the biggest religious parade of children ever witnessed in Missouri.

A letter sent to every teacher, suggests to them that they might arrange to have their schools attend the service in a body. They might even arrange to come into Maryville together, and have their banners, yells etc. This will make a good showing in the picture which will be taken. Following the parade the children will form in the court house yard where a few minutes service will be held. This will make a great day in the meeting.

WANTS WALTON'S TRIAL SPEEDED UP

MARTIAL LAW COUNTS TO BE PRINCIPAL EVIDENCE

DEFENSE IN NO HURRY

Alleged Klan Outrages Constitute "Ace" Of Walton's Counsel—Bynum Denies "Frame Up"

Oklahoma City, Nov. 13—An attempt to bring the Walton impeachment trial to a quick conclusion will be made by the House board of managers prosecuting the case.

Chairman Disney of the prosecution announced at the opening of the court this morning that after evidence had been completed on all martial law counts of the indictment, he would ask that the defense present its testimony.

"The prosecution will reserve the right to present evidence later if necessary," Disney declared.

The defense immediately expressed opposition to the plan. It would exclude all evidence of alleged Ku Klux Klan outrages—the main point of Walton's defense.

A discussion between Aldrich Blake and E. T. Bynum, both former counsellors to the Governor, relating to the installation of dictagraph in Walton's gubernatorial office was denied by Bynum this morning. The statement followed Bynum's denial that he had entered a conspiracy to "frame Walton."

SAVING GRACE.—By grace are ye saved through faith; and that not of yourselves: it is the gift of God.—Ephesians 2:8.

ONE JOB AND THREE BOYS

Two boys recently applied for a position that, while not particularly important in itself, would have enabled them to learn a business and get a business education that might be worth a fortune to them and be paid a fair wage while receiving this education. One was turned down because he could not be relied upon and didn't know the value of truth.

An employe who can not be believed is worth mighty little to his employer who wants and must have accurate reports upon which to solve his business problems successfully. And the boy who indulges the habit of lying cultivates a fixed habit that will plague him through life. Nobody will take him at his face value. His word, whenever it passes current, must, like the bad note, be discounted and his effectiveness is lost.

The other boy did not accept the place offered because it did not immediately pay as much as he thought himself worth or as much as some other boys were getting for doing work that carried no future promises. He got what he wanted by the day, shifted about from job to job and grew up to be a jack of all trades and master of nothing. So long as his strength and health holds out, he will be a handy man on odd jobs and liye and die an odd job man.

One of these days a bright boy will come along with greater foresight and take that job, not so much for the immediate wage it offers as for the opportunity it offers, and he will make good. He will learn everything he can, not only in his department, but in other departments and some day when executives are needed to take the place of others he will be called to move responsible work and probably beccme a member of the firm. If not, he will know enough about the business to start one of his own.

In early days when schools were fewer and less ambitious boys were apprenticed for a period of time to learn a trade. Sometimes they received a small wage during the period and sometimes they did not receive any. They were there primarily to learn the trade and become masters of something. Nowdays, the future is lost sight of. It is all a question of "how much do I get?" and a lot of them are afraid to learn anything for fear they will be doing more than they are paid to do. Times have changed but the principle has not changed. Those who apply themselves and make use of their opportunities are the ones who finish in front just the same as they have always.

OUR NATIONAL HEALTH

The World's Work announces a series of articles designed to show that our national health is being injured by south European immigration, and that we can not "operate a social order which grew with infinite pains out of the social experience of the English race" if we absorb a dozen other racial elements, and particularly if we permit our Nordic strain to be modified by the admixture of the blood of Southern Europe.

Curiously enough the World's Work has commissioned Gino Speranza to write the articles, for he in his own person is part of the evidence that what the World's Work fears has already been accomplished to considerable extent. Mr. Speranza's experience in immigration matters fits him to write on that subject, but his Italian parentage would seem to place him out of sympathy with the announced aim of the articles mentioned. He can hardly be expected to characterize his father's countrymen as a menace to the United States.

Unquestionably our gates have been too wide open for fifty years and we need selected immigration hereafter, but if we take in outside elements at all, why can not good material be found in southern as well as in northern Europe? No one can claim that the latter section has, or has had, a monopoly of either the virtue or the strength of the Old World. As between a Mussolini and a Charles XII there is a good deal to be said in favor of the former type.

President Harding asked Forbes to quit it seems but he didn't ask him soon enough to prevent a lot of rotten work. The suggestion that the veterans bureau be placed under the jurisdiction of some cabinet officer is a good one. The President of the United States has no time to look after the details of separate bureaus and it is doubtful if any cabinet officer will have time to keep up with the operations of a fellow like Forbes.

Woman is a mystery, so they say, and she is rather proud to confess it. But so is man. Neither one knows himself half the time and so long as persons do not know themselves, how is any one else to know them. Pope said "the proper study of mankind is man," and it is as endless as the species. When the study is mastered, you will be superlatively educated. The Good Book says "know thyself," a thing about as difficult as the other. But the more we know of mankind and the better we know ourselves, the better equipped we are to deal with others and to govern ourselves. There are many mysteries in this old world. Woman is just one of them and a more charming study than most of them.

Services are Held in County Churches

Will Have Men's Service At Tabernacle Tonight—Women's Meeting Friday Night

There was no service in the tabernacle at Maryville last night, but the workers were scattered over the County and services were held in the different churches outside. The line-up of workers for the meetings last night was as follows: Pickering, Holt Gospel team; Hopkins, Goforth's team Gaynor, Laura Hawkins' team; Ravenwood, Mrs. Fred Miller's team; Bedison, a Gaynor team; Barnard, Young people's team from here; Arkoe, Rev. R. L. McCanon; Salem, Nash's team; Bethany, Turner's team; Palestine, R. E. Snodgrass; Graham, E. F. Hagee; Skidmore, C. E. Hagee; Quitman, C. A. Knouse; Burlington Junction, W. C. Frank's team; Elmo, Hamiltons; Clearmont, T. M. Walton; Wilcox; Dr. Fred Keller; Workman Chapel, E. P. Taggart.

There were three confessions at Arkoe and one at Palestine, reported to the committee in charge this morning. There were large crowds and enthusiastic meetings held, with the exception of the Gaynor service, as the team for that church stuck in the mud and never did get there.

The great men's service for tonight at the tabernacle promises to be largely attended. The men will occupy the center section of chairs and will furnish the choir. O. E. Hamilton will use as his subject, "The Man Who Can't Beat God." A companion service to this one will be held on Friday night when the women will be given the choice seats and will be responsible for the program. Special offerings will be received on these nights.

There will be baptizing this evening at 7:15.

For Eighty-Fifth Birthday

A number of relatives and friends surprised Miss Pauline Morgan last Monday at her home in Graham. The affair was in celebration of Miss Morgan's eighty-fifth birthday anniversary. In the company were Dr. and Mrs. M. M. Rhodes, Dr. and Mrs. E. L. Morgan, Mrs. E. A. Morgan, Mrs. Gerald Mendenhall, Mr. and Mrs. Ralph McDowell, Mr. and Mrs. Walter Freytag, Mr. and Mrs. C. C. McDowell, Mrs. W. B. Miss Morgan, known to her many friends and relatives as "Aunt Pine," was born near Shelbyville, Ind., November 5, 1838. At the age of three years she moved with her parents to Missouri, locating near the present site of the Bell Grove cemetery. Later her father built a log cabin across the road from the Bell Grove schoolhouse where she grew to womanhood. She was next to the youngest of a family of ten children, all of whom are dead. For one of her advanced years her health is unusual. She lives alone and does her own housework. She has been an observer of the development of the county for eighty-two years, and for many years the only mail received was carried from Savannah by oxen. She was for many years a country school teacher being a woman of strong mentality and remarkable memory. She tells many interesting stories of pioneer life in Missouri. Nodaway county has always been her home, although she has traveled a great deal.

Miss Tebow's Engagement Announced

Of much interest to friends in Maryville is news of the engagement of Miss Esther Tebow, daughter of Mr. and Mrs. I. E. Tebow of Fort Collins, Colo., to Mr. Arthur Wallace of Philadelphia, Pa. The bride-elect was born and reared near Maryville and was a member of the 1920 graduating class of the Maryville High School. The family moved to Fort Collins in May, 1920. The engagement was announced Monday evening, November 5, at a meeting of the Mission Study class and the following account of the affair is taken from the Fort Collins Daily Courier:

"About forty members of the Frederickson Mission Study class held their regular monthly meeting Monday evening at the home of Miss Esther Tebow, 421 East Laurel street. It is the custom of this class to hold covered dish suppers once a month but on this occasion the members had been told not to bring anything to eat. They were entirely unaware, however, that the occasion was to be one of special interest. A fine four-course turkey dinner was served, the table having as a centerpiece a "wise old owl," with a bundle under his wing. The place cards were small owls. At the conclusion of the dinner the owl's bundle was opened and it was found to contain owl cards with a clever verse on the back announcing the engagement of Miss Esther Tebow and Arthur Wallace of Philadelphia, Pa. The marriage is to take place during the early winter.

The bride to be is the daughter of Mr. and Mrs. I. E. Tebow. Mr. Wallace is a 1923 graduate of the Agricultural college and he now has a good position with the Westinghouse company in Philadelphia.

After the unexpected announcement had been fully enjoyed by the young ladies assembled, a further pleasure was the opening and passing of a large box of candy sent from Philadelphia by Mr. Wallace for the occasion."

Hostesses to S. S. Class

Misses Nellie, Crystal and Pauline Hall and Donald Hall entertained the Excelsior Sunday School class of the Wilcox M. E. Church Saturday night at their home, northwest of Maryville. Wieners and marshmallows were roasted over a campfire after which games were enjoyed. About thirty members were present.

Surprise Party at Thornhill Home

Conley and children, Mr. and Mrs. Joe Johnston and daughter, Mr. and Mrs. Dale Marsh and daughter, Miss Edith Marsh, Jeff Monroe, Arthur Hiatt, Mr. and Mrs. Charles Cox and children, Mr. and Mrs. Walter Dickie and son, Mr. and Mrs. Lee Haigwood and children, Mr. and Mrs. John Wallace, Mr. and Mrs. Fisher Mercer and son, Mrs. Elva McElwee, George McElwee and daughter, Mr. and Mrs. Verne Wallace and son, Mr. and Mrs. C. F. Ashford and daughter, Miss Thelma Ashford, Mr. and Mrs. Ode Wallace and son, William Lyle, Mrs. Mary Edwards and daughter, Augusta, Miss Mina Armstrong and Mr. and Mrs. William Thornhill and children.

Roll Call Campaign Starts Here Thursday

Maryville Will Be Canvassed for Membership in Red Cross by Former Service Men

Day after tomorrow the ex-service men of the city will start the ball a rolling for the seventh annual American Red Cross Roll Call in Maryville. About forty former service men will comb the city for membership in the Red Cross. These men are taking time from their business in order to promote this world-wide organization and wil solicit the aid of everyone, as they know they are working for a good cause, having come in actual contact with the Red Cross during the war.

These ex-service men under the captainship of Henderson Aley and Ray O'Grady are willing to give their time for the Red Cross and are expecting the prompt assistance of everyone in Maryville by becoming a member. The Red Cross is still doing marvelous work, as it is now helping care for more than twenty-four thousand service men who were maimed in the Great War. It is only by the help of the American public that this work can be continued and so the American citizens are asked to join the Red Cross.

Polk township outside of Maryville will be under the soliciting direction of C. Edwin Wells. The campaign for a greater American Red Cross began on Armistice Day but the ex-service men of Maryville will not begin until Thursday, then continuing until the 29th to finish up the campaign.

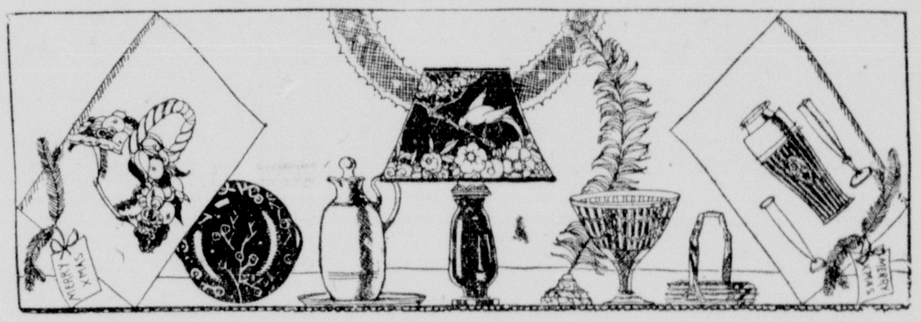
MARYVILLE'S REAL CITY STORE



Gift Shop Added

A Gift Shop has been added as a new department in the west aisle of this store. Pottery, Lustre Glassware, novelty gift things of various kinds, articles for prizes for card parties and various other items of a gift nature have been collected and arranged in the new Gift Shop.

Christmas is only a short time in the distance, and it is really time to begin making selections of gift things. We will begin immediately to convert the store into a real Christmas Store with the spirit of Christmas on every hand.

This great country should just bubble over with the Christmas spirit, with all the abundance of crops on every hand, the employment of a greater percentage of our folks who are willing to work than ever before, and with finances throughout the country in better shape than they have been for a long time. Let's get the Christmas spirit and be glad that we are "a chosen people in a promised land."

We Want You To Call Our Store Your Store

If you are one of those people who when walking down the street with a friend, perhaps a stranger in our city, turn to The Yehle Dry Goods Company and say, "That is my store," we are glad. We know then that as far as you are concerned we have achieved a store of which you are proud, are glad to be a part of, a store that instead of being a mere building stocked with goods for sale, has back of it human intelligence, human ambitions, human knowledge of tastes, wants, needs and desires of the folks it serves. This store is an institution organized and maintained to serve the community in which it is located. And not until everybody in Maryville and surrounding community calls the Yehle Dry Goods Company "my store" will we be content with the service we are rendering. Help us to build an institution to which you will point with pride and say, "that is my store."

Two Cents A Day

People read statistics showing that annual railway earnings amount to billions of dollars. The figures are so huge that the casual reader is likely to think he is contributing a substantial share of his income to the profit of the railways.

But this is a vast country; transportation is an enormous business; and the earnings spoken of are gross earnings for carrying the commerce of 110,000,000 people.

What is the average amount of railroad rates contributed by each inhabitant? For the first six months of 1923 the gross receipts of the railroads from their business averaged 17 million dollars per day. A tremendous sum of money when viewed by itself. But the payment of it was divided among the entire population. So the average amount collected in rates was only 15 cents per person per day. This does not look so much like an intolerable burden.

And what do the railroads get out of this 15 cents? Not very much. After paying 13 cents in operating expenses and taxes, they have left for interest and dividends and to provide for improvements, the sum of 2 cents per day per inhabitant. For the use of the billions of dollars invested in railroad properties the owners are receiving a postage stamp per day from each person.

Considering that the service is the best in the world at much the lowest cost, the margin seems narrow enough.

Conception College Notes

Rt. Rev. Abbot Philip spent the week end in St. Louis representing the Abbey and Bishop Gilfillan of St. Joseph at the initial convention of the "Catholic Rural Life Conference." The convention was held in Hotel Melbourne and the Library auditorium of St. Louis University and was attended by an unexpected large number of delegates from the central and the west and from Canada. Archbishop Glennon took a personal interest in convention and was pleased to meet there a number of other bishops and prelates. The league, known now officially as "The Catholic Rural Life Conference," was placed in charge of seven executive officials and has for its object the promotion of the religious, social and agriculture interests of rural population.

Thursday afternoon the agriculture class accompanied by Professor Ruggle and Father Frowin, motored to William Berg's farm, the home of pure bred black Angus cattle, near Parnell. This farm is one of the outstanding features in Northwest Missouri evidencing the gratifying result of scientific and systematized farming and the boys were fortunate to have this treat.

The College Basketball team was victorious on its first public appearance last Sunday when they matched the Stanberry Athletic Club. The final score was 58 to 13. A return game is to be played in Stanberry next Saturday.

The Dramatic Club has been working diligently on their play, "As Ye Sow." It is a gripping play, something new and will be staged Sunday and Wednesday Nov. 25th and 28th at 8:00 p. m. and again Thanksgiving Day at 2:00 p. m. The plot of the play is centered around a battle for supremacy in Copper Stocks. The scene is a summer hotel in the White Mountains. Wilberforce, one of the contestants in the battle, is held by the advice of his physician in the mountains, but directs his battle line in Wall street, New York, over the wires. Gilbert Austin (incognito) discovers that the battle is for copper and manages to be of important assistance to his father back in Wall street.

Wednesday afternoon the boys enjoyed a short hike to the river and took occasion to observe the ditcher while it was in operation.

George Sillers delivered a new Dodge Sedan to the Monastery Saturday morning.

Mrs. J. K. Sawyers, Sr., her daughter, Eleanor Agnes Sawyers, and son, Harold Sawyers, accompanied by Mrs. J. K. Sawyers, Jr., drove to St. Joseph Saturday to spend the week end with the Rev. and Mrs. Henry A. Sawyers, and to attend the Gypsy Smith meetings.

CATTLE STRONGER; HOGS LOWER; SHEEP STEADY.

Kansas City Stock Yards, Nov. 12.—Cattle receipts today were the smallest on any Monday in more than three months past. This indicates that the range movement is about over, and that from now on receipts will be moderate. The bulk of the cattle coming from the West are stockers and feeders. The market today was stronger and in a better position than in any time in the past three weeks. Heavy receipts, 70,000 in Chicago, turned hog prices down. Here the decline was 10 to 15 cents. Sheep and lambs were quoted steady.

Today's Receipts.

Receipts today were 24,000 cattle, 17,000 hogs, and 7,000 sheep, compared with 26,000 cattle, 13,000 hogs, and 6,000 sheep a week ago, and 21,150 cattle, 12,275 hogs and 5,950 sheep a year ago.

Beef Cattle.

No full fed cattle arrived today. Short fed classes and grass grades predominated and from point of quality they were not very inviting. Where anything desirable was available, there was a ready demand at strong prices. Others sold slowly and about steady. Some yearlings and handy weight steers sold at $10.50 to $11.00. Most of the short fed steers brought $8.25 to $9.25, and grass fat steers $5.25 to $7.25. Few grass fat cattle will be offered from now on. Cows and heifers were stronger. Canner cows sold at $2.15 to $2.50, or fully 50 cents higher than the low point ten days ago. Short fed cows were in better demand. Veal calves and bulls were steady.

Stockers and Feeders.

Demand for stockers and feeders was active, and prices ruled strong to 15 cents higher. Good weather last week together with favorable condition of the corn crop, have increased the call for thin cattle. Feeders are taking fleshy steers again.

Hogs.

With 120,000 hogs at the five Western markets, and 70,000 of them in Chicago, the market ruled lower. Eastern points reported decided weakness. Here the market was 10 to 15 cents lower and offerings sold readily at the decline, with the close showing a better tone. The top price was $7.15 and bulk of sales $6.65 to $7.10. Packing sows sold at $6.25 to $6.50, and pigs and stock hogs $5.15 to $5.55. Indications are that receipts will be lighter after the middle of the week.

Sheep and Lambs.

The sheep market opened strong and closed 10 to 15 cents higher. Early sales were mostly native lambs at $12.25 to $12.75, and some fall shorn Texas wethers at $7.25. Late fine double decks of Colorado cornfield lambs sold at $13.00, or 10 to 15 cents above last week's close.

Horses and Mules.

Trade in horses and mules was much the same as last week, and not quite as active as two weeks ago. Prices were unchanged.

WANTS TO HELP OTHER WOMEN

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it and it has done wonders for me. I keep house and am able to do lots of work besides."—Mrs. HELEN SEVCIK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women.

Mrs. Sevcik is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

GARDNER MAY RUN FOR PRESIDENT

EX-GOVERNOR IS LOOKED UPON AS A HARMONY CANDIDATE

DEMOCRATS IN MEETING

Mrs. Kate Morrow Was Elected Secretary of Committee—W. T. Kemper for Committeeman

St. Louis, Nov. 13—Ex-Governor Frederick D. Gardner has been put forward strongly as a "favorite son" presidential candidate in the hope of averting a fight between the Reed and Wilson factions in the party.

The action was taken at the meeting here yesterday of Democratic state ing, here today of Democratic state leaders, candidates and members of the state committee.

It was proposed the Missouri delegation to the national convention be instructed for the ex-governor. Some of the Reed supporters received the suggestion kindly. If Gardner were given the Missouri delegation, it would permit the senator to go unopposed to the national convention as one of the "big four" delegates.

It would prevent an instructed delegation for McAdoo, Underwood or Al Smith. Unless some arrangement of that kind is made, there will be a strong drive next year to line up Missouri for McAdoo.

Senator Reed has made no move indicating a desire to enter the Democratic presidential contest.

The name of Gardner was brought forward today in a speech by John M. Atkinson, a probable candidate for governor.

"Missouri may present a man to the next national convention for President," he said.

Almost an Ovation

Immediately there were shouts of "Gardner." It was almost an ovation.

While there still is much of the old bitterness within the Democratic organization against Reed, the anti-Reed forces are chary of another battle, after the experience of last year.

The state committee adopted today a resolution giving the women members of the committee equal rights with the men in conformity with the "fifty-fifty" law enacted by the last legislature. Vacancies on the committee were filled by Adam Henry Jones, St. Louis County, tenth district; I. S. Oliver, St. Clair County, sixth district, and Miss Madeline Pettingill, Scotland County, first district.

Mrs. Kate Morrow of Jefferson City was elected secretary of the state committee to succeed the late Thomas H. Fisher of Marshall. The fight in the last two ballots narrowed down to Mrs. Morrow, Means Ray of Jefferson City and U. A. McBride of Warrensburg. Mrs. Morrow is the first woman to be elected secretary of the state committee.

The state committee adopted a modified resolution offered by Senator Michael Kinney of St. Louis opposing the Ku Klux Klan. The resolution:

"Resolved, that the Democratic party committee, duly assembled, renews its faith in the honored principles of democracy. We pledge ourselves anew to a continuance of the struggle for the fullest civil and religious liberty. We stand, as we have always stood, against the proscribing or limiting the right and privilege of our American citizens because of race or religious beliefs."

Goltra Is Weak

W. T. Kemper of Kansas City appears to have little opposition for national committeeman. Although Edward F. Goltra of St. Louis wishes to be renominated, he has little strength. The name of Harve Terry of Sedalia was brought forward today. If he desires the place he can master considerable strength.

Enough pledges were received to pay the campaign debt of 1920 and to provide a small surplus for the state committee. The cities, principally Kansas City and St. Louis, have agreed to raise from $12,000 to $13,000. Each of the other thirteen districts agreed to subscribe $1,000. The committee to obtain this money:

W. T. Kemper of Kansas City, E. F. Goltra of St. Louis, Judge Daniel G. Taylor of St. Louis, Walter C. Robinson of St. Joseph, George A. Mahan of Hannibal, E. A. Barbour of Springfield and Howard Cook of Jefferson City.

Wilson Has Strength

Harve Terry of Sedalia, John G. Schneider of Springfield and Mrs. Carl Abbington of Poplar Bluff were named on a committee to select the time and place for the state convention next year.

Speeches were made by the candidates for governor and by several women, including Mrs. Emily Newell Blair of Joplin.

Although Francis M. Wilson has not entered actively into the gubernatorial contest, he appears to have a strong following among the party leaders.

At present, the race appears to lie largely between Floyd Jacobs of Kansas City and Dr. Arthur W. Nelson of Bunceton, with George Moore and John M. Atkinson of St. Louis outside choices.

State Board to List All Doctors in State

Jefferson City, Nov. 13.—Every physician, surgeon, osteopath and chiropractor, in fact anyone practicing any form of healing in Missouri, will be listed by the state board of health, and their records thoroughly scanned, according to an announcement issued here Saturday night by Dr. Cortez F. Enloe, state health commissioner. Doctor Enloe added that the board's action was a part of its investigation of the "diploma mill" exposed in St. Louis several week ago.

A questionnaire will be sent to 1,040 registrars of vital statistics throughout the state asking them to list the name of every practitioner, from what school they were graduated, year of graduation, location and years of practice at each place, system of practice—whether physician, surgeon, osteopath, chiropractor or Christian scientist, and if licensed in any other state, giving the dates of the licenses, Doctor Enloe said. The registrars will be ordered to place these questionnaires in the hand of their respective county health officers.

A separate letter will be sent to the county health officers, Doctor Enloe said, asking them to check these questionnaires with their county clerk to see that all the practitioners are registered, with instructions to add any names of these treating the sick that should be on the registered list, and forward them to the board's office here.

The president of every college in Missouri as well as leading educators from over the state have been invited to attend the installation of Dr. Brooks.

This program will be in observance of the opening of National Education Week, which extends from Nov. 18 to 24. President Lamkin's subject, as it appears on the program is "Illiteracy in Missouri; its extent and contributing causes. The Remedies offered by Adult Education." The other three speakers on the program are Dr. Jesse B. Burke, director of the Bureau of Municipal Research; Dr. Wilford M. Aiken, Director of John Burroughs School, and Percival Chubb, Leader of the Ethical Society of St. Louis.

Faucett Boys Team at Tourney Here

The Faucett boys' basketball team will represent Buchanan County at the basketball tournament of Northwest Missouri to be held in Maryville Friday and Saturday. The Agency girls' team will represent that county in the girls' basketball tournament to be held in Maryville next week.

The Faucett boys led by Hull will make them hard to defeat, it is predicted. This little player made thirteen of his team's seventeen markers in the game Saturday in St. Joseph. The St. Joseph paper says he is as fast a high school player as has been seen in St. Joseph for many a moon.
